

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

#### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

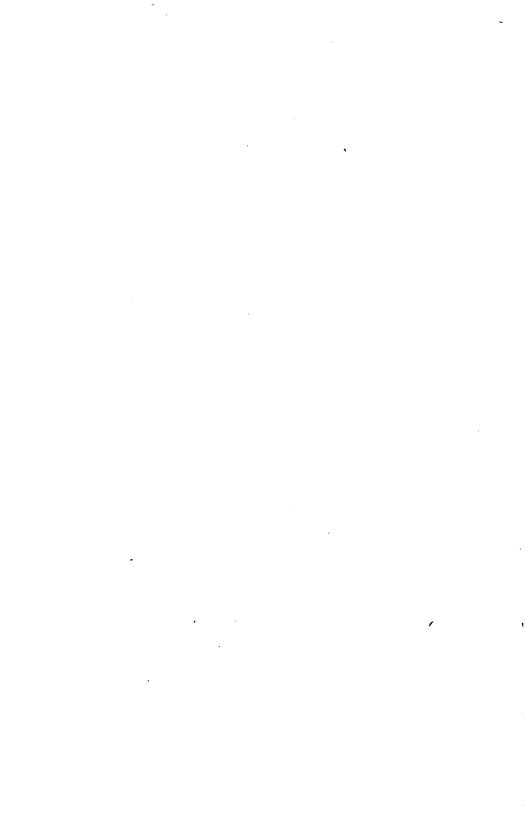

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

#### **About Google Book Search**

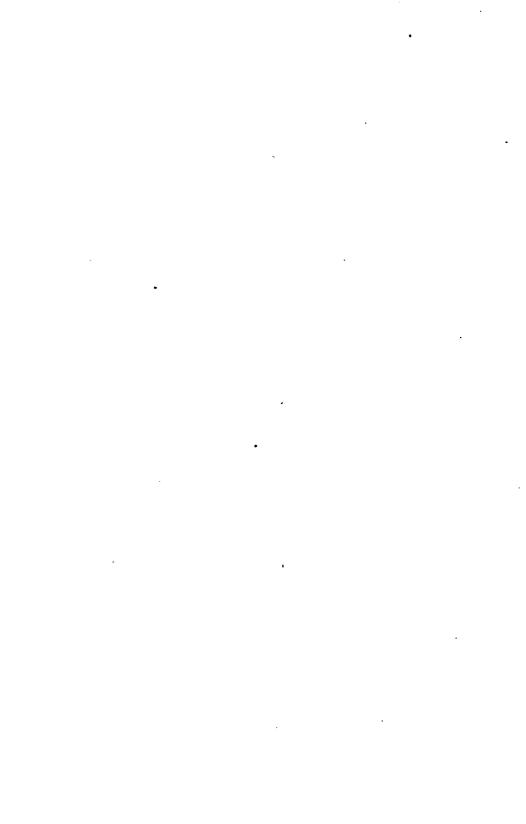

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # Commonwealth of Massachusetts.

OFFICE OF THE SECRETARY, Jan. 25, 1904.

To the Honorable Senate and the House of Representatives.

I have the honor to submit, in compliance with the Revised Laws, chapter 5, section 10, the twelfth annual report of the transactions of this office, for the year ending Dec. 31, 1903, including the returns of the number of liquor licenses granted by the several cities and towns, the amount received for such licenses, and the votes of the cities and towns on the question of granting them; also the returns of the sheriffs of the several counties, of money received by them, and of their attendance upon a court of record and the county commissioners.

#### RECEIPTS AND EXPENDITURES.

The receipts from fees, etc., continue to grow, being over \$11,000 greater than in 1902. The details are as follows:—

All of these fees were paid into the treasury monthly, and quarterly reports thereof made to the Governor and Council, as required by the Revised Laws, chapter 5, section 1.

\$85,303 01

The expenses for salaries were \$38,794.10, and the incidental expenses \$3,458.84.

#### COMMISSIONS.

The number of commissions issued was 2,745, — an increase of 183 over the number issued in 1902. Of these, 452 were without fee, and 34 became void by reason of the failure of the appointees to take out the commissions or to qualify thereunder. The different classes were as follows:—

#### CORPORATION DIVISION.

The total number of certificates of incorporation issued under general laws to new corporations was 797, — an increase of 274, as compared with 1902, — classified as follows:—

| Trading and other business corporations (under Revised Laws,              |     |
|---|-----|
| chapter 110, section 20), from Jan. 1 to July 31, 1908, inclusive,        |     |
| including public service corporations for the whole year 1903,            | 180 |
| Trading corporations (under chapter 437, Acts of 1903), from Aug. 1       |     |
| to Dec. 31, 1903, inclusive,  | 354 |
| Religious, charitable, social, educational, musical, athletic, etc., cor- |     |
| porations (under Revised Laws, chapter 125, section 6),                   | 214 |
| Churches (under Revised Laws, chapter 36, section 51),                    | 18  |
| Fraternal beneficiary corporations (under Revised Laws, chapter           |     |
| 119),   | 20  |
| Street railway corporations (under Revised Laws, chapter 112),            | 9   |
| Assessment insurance companies (under Revised Laws, chapter               |     |
| 120),   | 2   |

Under the business corporation law for trading companies, enacted by the last Legislature, and in effect since Aug. 1, 1903, 354 corporations have been chartered, as follows: August, 55; September, 61; October, 84; November, 75; December, 79; compared with the corresponding months of 1902, when 81 were incorporated, as follows: August, 13; September, 19; October, 12; November, 17; December, 20; showing an increase in number of 273 corporations, or 337 per cent.

The number of miscellaneous certificates filed and recorded was 3,860, — an increase of 428. Of these, 2,563 were certificates of condition of Massachusetts corporations (under section 51, chapter 110 of the Revised Laws and section 45, chapter 437, Acts of 1903); 181 were certificates of organization of trading and other business corporations (under chapter 110 of the Revised Laws), from Jan. 1 to July 31, 1903, inclusive, and including public service corporations for the whole year 1903; 354 were articles of organization of trading corporations (under chapter 437, Acts of 1903), from Aug. 1 to Dec. 31, 1903, inclusive; 214 were certificates of religious, charitable and other organizations (under chapter 125 of the Revised Laws); 162 were certificates of payment of capital in trading and public service corporations (under chapter 110 of the Revised Laws); 19 were certificates of issue of capital stock of trading corporations since Aug. 1, 1903 (under chapter 437. Acts of 1903); and the remainder were distributed among 26 different classes.

The number of miscellaneous certificates filed and not recorded was 1,978,—an increase of 498,—of which 1,828 were certificates of condition of foreign corporations (under chapter 126 of the Revised Laws and section 66 of chapter 437, Acts of 1903), and the remainder were divided among 13 other classes.

There were issued 20 certificates of change of name of corporations, — an increase of 6.

Returns were received of the dissolution of 68 corporations by the supreme judicial court, — an increase of 4.

Under the act relating to the incorporation of clubs, 8 certificates of incorporation which had been issued to clubs were declared void and of no further effect, upon evidence that the premises of the clubs were used for illegal purposes; and charters were refused in 12 cases.

Details of all these statistics appear in the Abstract of Certificates of Corporations, published by this office (Public Document, No. 10).

The total number of certificates of every classification filed and recorded in this division in 1902 was 6,017, and the total in 1903 was 7,166,—an increase of 1,149 certificates, or 19 per cent., during the year 1903. This increase in the total number of certificates for 1903 very nearly equals the total increase for the four previous years.

The receipts for 1903 in this division were 90 per cent. more than ten years ago.

Limited partnership certificates to the number of 29 were filed and recorded, — a decrease, as compared with 1902, of 27.

## LABELS, TRADE-MARKS, ETC.

By chapter 72, section 7, Revised Laws, which relates to the adoption and registration of labels, trade-marks, stamps and forms of advertisement, the duty is placed upon the Secretary of the Commonwealth of receiving, filing and recording such labels, etc., and of issuing and recording certificates of record. Under this law, labels, trade-marks, stamps and forms of advertisement were received and certificates of record issued and recorded in 460 cases, — an increase of 73.

#### MARKS AND DEVICES ON CANS, ETC.

By chapter 72, section 15, Revised Laws, which provides for the protection of owners of cans, bottles, boxes, siphons and fountains used in the sale of soda water, mineral and aerated waters, ale, beer, ginger ale or similar beverages, it is made the duty of the Secretary of the Commonwealth to receive and file descriptions of marks, devices, etc.; and under this law 32 such descriptions were received and filed, — an increase of 11. Under section 19 of said chapter 72, Revised Laws, protecting dealers and consumers against the unlawful use and destruction of milk cans, jugs, bottles or jars, 19 descriptions of marks, devices, etc., were received and filed, — a decrease of 11, as compared with 1902.

#### VITAL STATISTICS.

The returns of births, marriages and deaths from the various cities and towns for the year 1902, which were received in 1903, cover 72,219 births, 25,685 marriages and 47,491 deaths,—a total of 145,395. This is an increase, as compared with the returns for 1901, of 243 births, 794 marriages, and a decrease of 784 deaths.

The medical examiners' returns for 1902 cover 2,795 cases,—an increase of 13, as compared with the returns for 1901.

The returns by the clerks of the courts of the decrees of divorce for 1902 number 1,863, being an increase of 226, as compared with the returns for 1901.

All of these figures are compiled and presented fully in the sixty-first registration report (Public Document, No. 1).

#### ARCHIVES.

Twenty-nine volumes of the manuscript collection of the archives have been rebound, the papers remounted, etc., during the year, and at least as many more will have to be repaired in the same manner during the coming year.

About the same number of inquiries for records of Revolutionary and Colonial ancestors were received as during the preceding year, and the number of requests for information in connection with historical research steadily increases.

Name indexes have been made for several volumes of the military series in the manuscript collection, so that records of Colonial military service can be more readily ascertained; and tables of contents have been made for a number of volumes of the court records and archives, where the original indexes were found to be specially imperfect.

The contents of between thirty and forty file boxes of papers, in connection with the session laws, have been sorted and arranged chronologically under their proper subject heading.

Under the provisions of chapter 470 of the Acts of 1902, the manuscript copy and printed copy of the records of births, marriages and deaths for fourteen towns have been received and deposited in the archives division. The towns are as follows: Barre, Becket, Bedford, Lee, Leicester, Lexington, Malden, Medfield, Millbury, Southborough, Sudbury, Topsfield, Tyringham and Westborough.

Volume XI. of Massachusetts Soldiers and Sailors of the Revolutionary War, comprising all names between the letters MOR and PAZ, was completed during the year. All the copy for volume XII., covering names between PEA and RAZ, is in the hands of the printer, and the copy for volume XIII. is nearly ready.

Again I urge upon the Legislature the importance of providing more room for our archives. I have not been able to take care of the volumes of engrossed Acts and Resolves for several years past in Room 434, where special-sized shelves and compartments were fitted for them, but which are now completely filled; and as the files of bills and resolves, with accompanying papers, come from the House and Senate year by year, they are crowding other papers into a storage vault in the sub-basement, access to which is neither convenient nor agreeable.

#### DOCUMENT DIVISION.

There were printed under the direction of this office, during the year, in the Public Document series (numbering 69 different reports), 201,600 volumes,—a decrease of 2,850 volumes. Of this number, 129,750 were handled and distributed in the document division, being supplied to members of the General Court, to cities and towns, public officers, libraries, and to the public generally.

In addition to the Public Document series, there were printed and distributed 25,000 copies of the pamphlet edition of the laws; 12,000 copies of the Blue Book; 13,500 copies of the Manual for the General Court; 1,359 copies of the term reports; 1,000 copies each of the Senate and House Journals; and there were also received and distributed 1,000 copies of volume XI., Massachusetts Soldiers and Sailors of the Revolutionary War; 500 copies each of the Vital Records of the . towns of Becket, Barre, Bedford, Lee, Leicester, Lexington, Malden, Medfield, Millbury, Southborough, Sudbury, Topsfield, Tyringham and Westborough; 750 copies each of volumes X. and XI., Province Laws; 2,500 copies of the Report of Committee on Charles River Dam; 1,500 copies of volume XVIII., Special Laws; 500 copies of the Third Massachusetts Cavalry; and 5,000 copies of the Supplement to Laws Relating to Elections, - making a grand total of 203,709 volumes which have passed through the document division during the year, — a decrease of 32,047 volumes from 1902.

Three hundred and twenty-four copies of the Bradford History were sold during the year.

I recommend an increase of the number of copies of the annual report of the Metropolitan Water and Sewerage Board from 4,500 to 6,000; and an increase of the number of copies of the annual report of the Commissioner of Public Records from 2,000 to 2,500 copies, the additional number to be for the use of the commissioner; that Public Document, No. 36 (being the Statistics of Manufactures), of which 5,000 copies are printed, be abolished, and that said statistics form a part of the report of the Bureau of Statistics of Labor; that the number of copies of the annual report of the Bureau of Statistics of Labor be reduced from 6,000 to 4,500, and that said report may be issued in monthly parts, paged consecutively, and bound together in one volume at the end of the year.

#### STATE PRINTING.

The cost of printing Public Documents in 1903, including the Manual, Blue Book, Journals, etc., was \$79,222.50. The most expensive single report in the Public Document series was that of the Board of Agriculture, \$5,539.75, — an increase of about \$175 over the amount for 1902. The report of the

Railroad Commissioners cost \$4,479.65; and the Bank Commissioners, \$4,005.45. The cost of printing the report of the Board of Health cannot be stated, as the report for 1902 was not completed until after the close of the year 1903. The Blue Book cost \$6,838.53; the Manual, \$4,257.18; the Senate Journal, \$1,605.96; the House Journal, \$1,994.40. The Senate printing bill was \$9,112.68; and the House printing, \$19,895.17, — an increase of \$2,736.64 and \$4,687.57, respectively. The bill for printing the official ballots was \$8,081.93.

#### CHANGES OF NAMES.

The returns of 453 names changed, as decreed by the several probate courts, were received and filed, in compliance with the requirements of the Revised Laws, chapter 154, section 14, and published in the Blue Book.

#### PEDLERS' LICENSES.

There were issued to hawkers and pedlers, under the provisions of chapter 65, Revised Laws, 1,662 licenses, —a decrease of 144 from 1902. Of this number, 358 were for the State, 430 for counties, 632 for cities and towns, and 242 for cities and towns in which the applicant resided and paid taxes on a stock in trade.

Of free licenses issued, 441 were to soldiers and sailors who served in the army or navy during the war of the rebellion,—a decrease of 91, as compared with the previous year; 56 to soldiers and sailors who served in the war against Spain,—an increase of 13; and 60 to persons seventy years of age or upwards.

Three itinerant vendors' State licenses were issued during the year. The number of transfers of licenses was 140.

#### COAL AND COKE LICENSES.

Chapter 484, Acts of 1903, made it unlawful for any person, firm or corporation, after July 25, 1903, to engage in or carry on the business of selling coal or coke, as principal or agent, in any city or town, at wholesale or retail, either by maintaining a place of business or by peddling the same from house to house, or otherwise, without first obtaining a license,

to be granted by the Secretary of the Commonwealth, for such periods and upon the payment of such fees, not exceeding five dollars, and upon such conditions and terms, as may be prescribed in cities by ordinance and in towns by by-laws.

While the act made the payment of a fee a condition precedent to the issue of a license, it was necessary, inasmuch as such fees had not been prescribed, to issue licenses, notwithstanding this condition, in order to make the law operative.

During the year copies of ordinances establishing fees, conditions and terms were received from the city of Fall River July 22, Chicopee December 12, and Springfield December 19.

The number of licenses issued to dealers in cities was 1,407 up to Jan. 1, 1904; to dealers in towns, 917,—a total of 2,324.

Lists of all persons licensed in the several cities and towns have been sent to the city and town clerks.

The list of licensees covers all of the 353 cities and towns of the Commonwealth, with the exception of 66 towns.

If this law is to remain on the statute books, it should be amended in several particulars. For instance, cities and towns should be required to prescribe fees, conditions and terms under which licenses are to be granted, and to communicate them to the Secretary of the Commonwealth; otherwise, the Secretary should have power to fix the fees, conditions and terms. It should also be plainly stated to whom the fee should be paid, - whether to the Secretary of the Commonwealth, or to the city or town clerk. The Secretary of the Commonwealth should, in my judgment, be relieved from the judicial functions conferred upon him by section 3, leaving the matter of hearings, etc., to some court. No complaints have been made under this section. In a few instances verbal statements of grievances have been made, but the complainants, on being informed that they must put their statements in writing and present evidence thereon sufficient to justify summoning the parties complained of to a hearing, have dropped the matter.

#### RETURNS UNDER THE "LOBBY ACT."

Under what is known as the "lobby act" (Revised Laws, chapter 11, sections 285 to 306, inclusive), 361 entries were made upon the docket of legislative counsel and agents, — a decrease of 8, as compared with 1902. Returns were received at this office covering 306 of these entries. Of those received, it became the duty of the Secretary to transmit 30 to the Attorney-General for his information, 24 of them appearing to be irregular or defective, and the other 6 being received after the expiration of the time limit. The 25 cases of delinquency were reported to the Attorney-General, as required by law.

#### ELECTIONS.

All statements and statistics referring to elections appear, as required by law, in Public Document, No. 43 (Assessed Polls, Registered Voters, etc.), together with recommendations in relation thereto.

Under the provisions of chapter 11, Revised Laws, relative to statements of election expenses, 168 duplicate returns were received from city and town clerks, examined and placed on file. This is a decrease of 11 over 1902.

There were also received and placed on file 99 certificates stating that the aggregate receipts or disbursements did not exceed \$20,—a decrease of 7.

#### PROCLAMATIONS.

The usual Thanksgiving and Arbor Day proclamations were printed and distributed under the direction of this office. Of the Thanksgiving proclamation, about 2,500 were sent by mail to churches and about 100 to institutions; and of the Arbor Day proclamation, 1,050 were distributed by mail.

## PARDONS, REQUISITIONS, ETC.

The number of pardons made out and issued in 1903 was 24; requisitions upon other states, 34; warrants issued upon requisitions from other states, 15; transfers from prisons, etc., to hospitals, 21; permit for release from State Prison on parole, 2.

#### NATURALIZATION RETURNS.

Under provisions of the Revised Laws, chapter 166, section 17, returns were received of the naturalization of 7,747 persons before the various courts of the Commonwealth during the year 1902, — an increase of 4,505, as compared with the returns for 1901. These returns were indexed and bound in convenient form for reference, as required by law.

#### SOLEMNIZATION OF MARRIAGES.

I again ask consideration by the Legislature of the question of the authority of officers of the Salvation Army to solemnize marriages in this Commonwealth; that is to say, whether a marriage certified by an officer of the Salvation Army as a "minister of the gospel" can be regarded as legal and recorded and returned by the city and town clerks accordingly.

#### MISCELLANEOUS.

As required by law, the return of the Surveyor-General of Lumber of the various kinds and quantities of lumber surveyed and the amount of fees received by him and his deputies in the year 1902 was received and filed Jan. 20, 1903.

The four special reports from this office which form a part of the Public Document series, namely, Returns of Births, Marriages and Deaths (Public Document, No. 1), Abstract of Certificates of Corporations (Public Document, No. 10), Aggregates of Polls, Property, Taxes, etc. (Public Document, No. 19), and Returns of Assessed Polls, Registered Voters, and Persons who Voted, etc. (Public Document, No. 43), have been made, as required by law.

Respectfully,

WM. M. OLIN, Secretary of the Commonwealth.

# LIQUOR LICENSES,

ABSTRACT OF RETURNS made by the several city and town clerks to the Secre10, chapter 100, Revised Laws, showing the number of licenses issued for
of licenses revoked during the year, with a statement of the vote given at
of intoxicating liquors in this city (or town)?"

The Sinking Funds of the Commonwealth, as at present computed, are calculated at such a rate of interest that, with proper care in the investment of their funds under any reasonable forecast of our financial future, they cannot fail to be equal to the full amount of the debts they are to pay before the same are due.

The average rate of interest paid by the Commonwealth on the entire Public Debt, at the rates at which it was issued, is 3.32 + per cent. per annum; and if the prices obtained for loans and the premiums received on them be taken into account, the rate paid on the entire Public Debt, both Direct and Contingent, would in all probability be about 3.13 + per cent.

\$4,000,000 00

Of the amounts borrowed as stated one million dollars (\$1,000,000) was borrowed from the uninvested cash in the various loans, and bank rates of interest were paid on the same. The balance three million dollars (\$3,000,000) was negotiated for in the open market and higher rates of interest were paid, owing to the stringency that has characterized the money market during the past year.

The total sum borrowed in anticipation of the collection of revenue, four million dollars (\$4,000,000), with interest amounting to eighty-six thousand five hundred forty-eight dollars and sixty-two cents (\$86,548.62) has been paid.

The amount borrowed on this account in 1902 was three million five hundred thousand dollars (\$3,500,000) and interest on the same was fifty-four thousand one hundred fifty-three dollars and forty-six cents (\$54,153.46).

DEPUTY SEALER OF WEIGHTS AND MEASURES.

TREASURY DEPARTMENT, Jan. 6, 1904.

Hon. E. S. BRADFORD, Treasurer and Receiver-General.

DEAR SIR: — In compliance with the requirements of section 10, chapter 62 of the Revised Laws, I hand you herewith my annual report.

During the year ending Dec. 31, 1903, I have visited the following named cities and towns, for the purpose of inspecting and adjusting the various standards furnished by the Commonwealth:—

| Acton,      | Easton,         | Middleton,     |
|-------------|-----------------|----------------|
| Amherst,    | Erving,         | Nahant,        |
| Arlington,  | Everett,        | Natick,        |
| Ashland,    | Falmouth,       | North Adams,   |
| Ayer,       | Franklin,       | Peabody,       |
| Barnstable, | Gloucester,     | Pepperell,     |
| Belmont,    | Grafton,        | Revere,        |
| Beverly,    | Greenfield,     | Rockport,      |
| Boxborough, | Groveland,      | Shrewsbury,    |
| Boxford,    | Hampden County, | Shutesbury,    |
| Brockton,   | Harvard,        | Somerville,    |
| Buckland,   | Haverhill,      | Southbridge,   |
| Cambridge,  | Hopkinton,      | Stoughton,     |
| Canton,     | Hudson,         | Sturbridge,    |
| Chelsea,    | Lowell,         | Waltham,       |
| Chicopee,   | Lynn,           | Ware,          |
| Clinton,    | Lynnfield,      | Wayland,       |
| Dana,       | Marion,         | West Boylston, |
| Douglas,    | Marlborough,    | Whitman,       |
| Dudley,     | Medford,        | Woburn.        |
|             |                 |                |

As authorized by section 8, chapter 62 of the Revised Laws, numerous inspections of the work of the local sealers of weights and measures have been made, and a continued improvement found in the enforcement of the laws by these officers.

No new towns were incorporated by the Legislature of 1903, and there have been no losses by fire or by other casualty, so far as I am advised, requiring the purchase of new sets of standards; hence there has been no expenditure from the annual appropriation for that purpose.

Chapter 94 of the Resolves of 1902 provides that one thousand dollars (\$1,000) shall be allowed and paid out of the Treasury of the Commonwealth, to be expended in repairing and adding to the standard weights, measures and balances of the Commonwealth.

Of this appropriation, which will lapse during the present year, only a small amount has been expended, and as there are now

additional standards in process of manufacture, I would recommend that the unexpended balance of nine hundred twelve and  $\frac{70}{100}$  (\$912.70) be reappropriated for this purpose.

Respectfully submitted,

Daniel C. V. Palmer,

Deputy Sealer of Weights and Measures.

#### COLLATERAL LEGACY TAX.

There has been received during the year on account of the Collateral Legacy and Succession Tax, provided for by chapter 15 of the Revised Laws and acts in amendment thereof and in addition thereto, after deducting the amount of certain refundments made to correct errors in returns of executors and others, a net sum of five hundred six thousand one hundred forty-six dollars and eighty-eight cents (\$506,146.88), and, for interest, a further net sum of twelve thousand four hundred seventy-nine dollars and nine cents (\$12,479.09), making the total net revenue derived from this source five hundred eighteen thousand six hundred twenty-five dollars and ninety-seven cents (\$518,625.97).

The expenses of collection, including the amounts allowed for compensation of appraisers, and the salary of the Legacy Tax Clerk employed in this department, amounted to two thousand eight hundred seventy-five dollars and eighty-three cents (\$2,875.83).

The following table shows the net receipts and expenses of collection by years, since the original legacy tax statute (1891, chapter 425) became operative:—

#### GENERAL FINANCES.

The present excellent condition of the Sinking Funds is such that appropriations for their benefit will be necessary in five cases only, viz.:—

| State Highway Loan Sinking Fund,                   |  | \$92,659 | 07 |
|--|--|----------|----|
| Massachusetts War Loan Sinking Fund,               |  | 29,038   | 88 |
| Medfield Insane Asylum Loan Sinking Fund, .        |  | 36,524   | 59 |
| Metropolitan Parks Loan, Series Two, Sinking Fund, |  | 10,302   | 03 |
| State House Loan Sinking Fund                      |  | 228,898  | 11 |

Bond No. 1246, for two hundred pounds (£200) sterling, Boston, Hartford & Erie sterling issue, and which was due January 1, 1900, during the present year has been traced and paid, thus liquidating the final bond of this loan.

#### THE FRANKLIN H. BISHOP BEQUEST FUND.

On April 3, 1901, the will of one Franklin H. Bishop, deceased, and late of Russell, was probated, and Mr. George Kress of Westfield was duly appointed as executor of his estate. He bequeathed his entire estate to the Commonwealth of Massachusetts.

On June 30, 1903, said executor, having had his accounts approved by the probate court, paid in to me the sum of nine thousand three hundred thirty-three and  $\frac{46}{100}$  dollars (\$9,333.46), being in full for all the personal estate of said testator.

On July 25, 1903, I received five dollars (\$5.00) additional, being income from a small piece of land belonging to said estate.

I respectfully recommend that legislative provision shall be made that shall authorize the Treasurer to transfer the said bequest, amounting to nine thousand three hundred thirty-eight and 4%<sub>100</sub> dollars (\$9,338.46), and all accumulations thereof, to the Massachusetts School Fund, and that further legislation, if it be necessary, shall be enacted to permit the sale of said real estate; the proceeds thereof also to be transferred to the Massachusetts School Fund.

TECHNICAL EDUCATION FUND, UNITED STATES GRANT.

Under the provisions of chapter 109, of the Acts of 1903, directing the Treasurer annually to pay into this fund such a sum of money as may be necessary with the income of the fund to produce ten thousand nine hundred and fifty dollars (\$10,950), being a sum equal to five per cent. (5%) interest per annum, on the two hundred nineteen thousand dollars (\$219,000) constituting said fund, — and the payment of premium necessary to invest said fund in a City of Boston 3½ per cent. forty-year bond, — made a deficiency, a part of which has been advanced from Revenue Cash, of three thousand three hundred forty-nine and 90/100 dollars (\$3,349.90), which should be provided for.

In this connection I refer to the

TECHNICAL EDUCATION FUND, COMMONWEALTH GRANT, which amounts at the present time to one hundred forty-one thousand five hundred seventy-five and 35/100 dollars (\$141,575.35).

I recommend that legislation be enacted increasing this fund to an even one hundred forty-two thousand dollars (\$142,000), and that an appropriation be made not exceeding six thousand dollars (\$6,000), from which to pay said increase and to pay the premium on a long-time Massachusetts bond, in which this entire fund shall be invested.

#### LEGISLATION RECOMMENDED.

The permanent clerks in this department for the last four years have given bonds for the faithful performance of their duty, even as the Treasurer has given his bond for many years.

These bonds are provided by Fidelity Trust Companies, and are an expense that the clerks of no other department are subjected to.

In conformity with a principle very generally recognized, I recommend that legislation shall be enacted, authorizing

that the cost of such bonds shall be paid out of the Treasury, and that an appropriation not exceeding four hundred dollars (\$400) shall be made therefor.

#### NEW SYSTEM.

Many of the following tables and statements of this report, showing in detail the transactions for the year, are a departure from previous methods. The changes result from changes in the system of the bookkeeping in this department.

The old system had become inadequate and very cumbersome, in recording the greatly increased transactions of today, in their variously multiplied accounts.

The new system is simple, clear and exact, and it is believed that the consequent changes in the detailed statements or tables referred to will make these tables correspondingly simpler, clearer, and more easily understood by the interested student of public affairs.

Respectfully submitted,

EDWARD S. BRADFORD,

Treasurer and Receiver-General.

The debt incurred for State purposes is payable by the Commonwealth at large. The contingent debt is a loan of the credit of the Commonwealth to certain metropolitan districts for water, sewerage and parks, and to certain cities for the building of armories; and the interest and sinking fund requirements are annually assessed upon said cities and districts, no portion of the debt being a liability of the Commonwealth at large.

#### ACTUAL REVENUE AND EXPENSES FOR 1903.

The following tables have been prepared to furnish information frequently sought from this department.

Table 1 shows the revenue and receipts applicable to general purposes.

Table 2 shows the actual expenditures.

All revenue and receipts derived from assessments upon the several metropolitan districts, namely, water, sewerage and parks, and for armories and other special purposes, and all payments therefrom, have been eliminated. For purposes of comparison, the figures for the past five years are given.

It is evident from these figures that a State tax of at least \$2,500,000 must be levied, unless the General Court provides

additional revenue; and this amount must of course be increased should additional appropriations in excess of those estimated for be made.

#### MASSACHUSETTS WAR LOAN.

During the year 1903, under authority of chapter 561 of the Acts of 1898, bonds were issued to the amount of \$5,000, bearing interest at the rate of 3 per cent. per annum. This issue was rendered necessary to provide for the State pay of certain soldiers who had failed previously to file their claims. The total issue of this loan up to Jan. 1, 1904, is \$1,240,000.

#### METROPOLITAN PARKS LOAN.

During the year bonds to the amount of \$465,000 have been issued, under authority of chapters 290, 391 and 429 of the Acts of 1903, \$365,000 bearing interest at the rate of  $3\frac{1}{2}$  per cent. and \$100,000 at the rate of  $3\frac{1}{5}$  per cent. per annum. The total issue for park purposes is \$8,020,000.

#### METROPOLITAN LOAN FOR PARKWAYS AND BOULEVARDS.

There have been issued, under authority of chapters 293 and 359 of the Acts of 1903, bonds to the amount of \$410,000, making a total issue for these purposes of \$3,885,000. One-half of this loan is to be paid by the State at large, the balance by the metropolitan parks district.

#### METROPOLITAN SEWERAGE LOAN.

During the year 1903 bonds were issued, under authority of chapter 429 of the Acts of 1899, \$50,000; and of chapters 242, 315, 356 and 399 of the Acts of 1903, \$1,450,000; both issues bearing interest at the rate of 3½ per cent.

The total amount of bonds issued for sewerage purposes is \$13,405,912. Of this amount, \$6,095,000 was issued for the north metropolitan system and \$7,310,912 for the south metropolitan system.

#### METROPOLITAN WATER LOAN.

Under authority of chapter 488 of the Acts of 1895, additional bonds have been issued to continue the work upon the metropolitan water system, to the amount of \$2,000,000, making a total issue to Jan. 1, 1904, of \$36,500,000.

#### STATE HOUSE LOAN.

Under authority of chapter 537 of the Acts of 1901 there has been a further issue of bonds, to the amount of \$380,000, to be used principally to pay claims arising under the law limiting the height of structures on Beacon Hill. These bonds were issued, \$80,000 at the rate of 3 per cent. per annum and \$300,000 at the rate of 3\frac{1}{2} per cent. per annum, and are due Oct. 1, 1918. The total issue of bonds for all purposes in connection with the construction or remodelling of the State House, up to Jan. 1, 1904, is \$6,790,000. Of this amount, bonds amounting to \$2,335,000 became due and were paid July 1, 1901, leaving now outstanding \$4,455,000.

#### STATE HIGHWAY LOAN.

Under authority of chapters 280 and 384 of the Acts of 1903, bonds to the amount of \$400,000 were issued for the construction of State highways, bearing interest at the rate of 3½ per cent. per annum. This makes the total issue of bonds for highway purposes, up to Jan. 1, 1904, \$4,225,000.

The total amount of loans authorized by the Legislature up to date is \$5,050,000. The total expenditure up to Jan. 1, 1904, for highways, which includes the expenses of the temporary commission and of the permanent commission from appropriations and loans, amounts to \$4,925,268.63. This does not include any appropriations for interest on the loans or for sinking fund requirements. The receipts have been as follows:—

#### LEGISLATION SUGGESTED.

Expenses of Railroad and Gas and Electric Light Commissions.

By existing laws the expenses of these commissions are assessed annually upon the railroad and street railway and gas and electric light companies, respectively. The practice has been to assess such expenses as of the first of July in each year, the assessment covering the payments made by the Commonwealth for the preceding twelve months, thus including six months of two calendar years. This complication of accounts should be avoided, and I suggest legislation which will provide for the assessment upon these corporations of the amount annually appropriated by the Legislature, any unexpended balance to be made available for the expenses of the succeeding year. This course will relieve the treasury of the Commonwealth, and the accounts of the fiscal year will show the entire transaction, both payment and assessment, which seems to be very desirable.

#### Approval by the Auditor of Official Bonds.

In only two cases is the Auditor charged with the duty of approving official bonds, namely, those of the persons designated to receive advances of money by the Metropolitan Park and Metropolitan Water and Sewerage boards. The Treasurer of the Commonwealth is the custodian of these bonds, and in the interest of uniformity, he having the approval of many of such bonds, I suggest legislation transferring this duty from the Auditor to the Treasurer. I make this suggestion with his consent and approval.

#### In Conclusion.

I am pleased to certify that, after a careful examination of the books and accounts of the Treasurer and Receiver-General, they were found correct and in very much improved form, through the introduction of new and superior methods of bookkeeping. I am also pleased to certify that the cash and securities, after a most careful examination, were found to be absolutely correct, as shown by the books of this department.

Respectfully submitted,

HENRY E. TURNER,

Auditor.
